SUMP, SEWAGE & EFFLUENT PRODUCTS

Sump Pumps

SUMP PUMPS (1/8" Solids)

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE
SP25A1	24683D000	1/4	1	115	Automatic	10'	1- 1/2"	15	\$173
SP25V1	24683D050	1/4	1	115	Automatic	10'	1- 1/2"	15	178

S33 SERIES SUMP PUMPS (1/4" Solids)

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE
S33A1	27354D000	1/3	1	115	Automatic	10'	1 -1/2"	21	\$211
S33V1	27354D150	1/3	1	115	Automatic	10'	1 -1/2"	21	220
S33P-1	27354D901	1/3	1	115	Automatic Piggyback	10'	1- 1/2"	21	222
S33A1C	27354D001	1/3	1	115	Automatic	20'	1 -1/2"	21	236
S33V1C	27354D151	1/3	1	115	Automatic	20'	1 -1/2"	21	245
S33PC-1	27354D902	1/3	1	115	Automatic Piggyback	20'	1- 1/2"	21	247
S33PV1	27354D120	1/3	1	115	Vertical Piggyback	10'	1-1/2"	21	232

Pump has oil cooled motor. S33A1 and A1C have a quick change level control for fully automatic operation. The S33V1 and S33V1C incorporate the vertical mechanical switch. The vertical mechanical switch is a vertical actuated switch that allows automatic pump installation in close pit applications. S33P-1, S33PC-1 and S33PV1 have piggy-back mechanical float switches for fully automatic operation.

SSM33I SERIES SUMP PUMPS (1/2" Solids)

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE
SSM33IM1C	26235D100	1/3	1	115	Manual	20'	1 -1/2"	28	\$266
SSM33IP-1	26235D110	1/3	1	115	Automatic	10'	1- 1/2"	28	266
SSM33IPC-1	26235D111	1/3	1	115	Automatic	20'	1 -1/2"	28	288
SSM33IPV1	26235D120	1/3	1	115	Automatic	10'	1- 1/2"	28	270
SSM33IPV1C	26235D121	1/3	1	115	Automatic	20'	1 -1/2"	28	300

Pump has oil filled motor. SSM33IP-1 and SSM33IPC-1 have piggy-back mechanical float switches for fully automatic protection. SSM33IPV1 and SSM33IPV1C have piggy-back mechanical vertical switches for fully automatic operation. (KC-012 = 10' vertical switch; KC-013 = 20' vertical switch)

PW217-280	S50HT control box with high temperature float switch, sold separately								607
27400A245	S50HT control box, duplex, sold separately								2,530

Designed for hot water to 195° F. All models have 20' cords, oil-filled motors and on-winding overload protection. S40HT-11P has piggyback mechanical float for fully automatic operation.

BATTERY OPERATED BACK-UP SUMP PUMP SYSTEM

CATALOG NUMBER	ENG. NO.	VOLTS	SHIP WT. LBS.	LIST PRICE
MBSP	24963B040	12VDC	20	\$354
MBSP PLUS-18T	27456A000	12VDC	22	571

DC battery operated. Includes: Pump with built in check valve, float switch, tee, battery box, charger and control center with alarm and indicator LED's. Primary pump, primary check valve, piping and battery (Group 27 deep cycle marine type recommended), not included.

PACKAGED SUMP PUMP SYSTEM

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	BASIN SIZE	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE
PSB1822	27600C000	1/4	1	115	Automatic	18" x 22"	10'	1-1/2"	27	\$425

SUMP, SEWAGE & EFFLUENT PRODUCTS

Laundry Tray & Explosion Proof Sump Pumps

ELECTRIC DRAIN LAUNDRY TRAY PUMP SYSTEM

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE
ED-25	25525D100	1/4	1	115	Automatic	10'	1 -1/2"	27	\$360

Under sink alternative, sink pump system. Includes 14 1/2" X 16" 5 gal. Tank. Tank has 2" vent & 1 -1/2" inlet with filter.

5 GALLON CAPACITY, POLYETHYLENE BASIN AND LID

ME3F-21P	26229D011	1/3	1	230	Automatic	20'	1-1/2"	38	377

Designed for effluent and drainage water only. Not to be used for raw sewage. ME3H models have vortex impellers and ME3F models have 2-vane enclosed impellers. All models have 20' cords, oil-filled motors and on-winding overload protection. Models ME3H-11P, ME3H-21P, ME3F-11P, ME3F-21P have piggy-back mechanical float level controls for fully automatic operation. ME3H-11, ME3H-21, ME3F-11, ME3F-21 can be directly plugged into grounded receptacle for manual operation or used with ALC, MFS, or 20VM series piggyback controls for automatic operation.

ME40 SERIES EFFLUENT PUMPS (3/4" Solids)

CATALOG NUMBER	ENG. NO.	HP	PHASE	VOLTS	PUMP CONFIGURATION	CORD LENGTH	DISCHARGE SIZE	SHIP WT. LBS.	LIST PRICE

*Includes seal leak sensor.

Standard cord length 20' on 1 ph L/D models.

Single phase pumps have on-winding motor overload protection.

Single phase pumps w/seal leak detector and all three phase pumps require the use of a properly equipped control panel.

All pumps are supplied with a 2" NPT discharge flange, gasket and bolts. Optional 3" flange (FR-300) is available. See accessory items.

115 and 230 volt single phase pumps less detector are equipped with plug.

L/D = Less Detector

DS = Double seal

See page 22 for adjustable level controls. See page 31 for extra cord lengths. See page 40 for repair parts kits.

Turnkey Grinder Packages

“TURNKEY” GRINDER PACKAGE*

A 24" diameter by 5 ft. - 8 ft. deep fiberglass basin with an anti-flotation collar molded to the bottom with nominal wall thickness of 1/4". Basin will be equipped with a 3/8" thick structural polypropylene cover bolted to the basin with 6 stainless steel cap screws. Basin will be equipped with a rail assembly, Schedule 80 PVC discharge piping, and a PVC ball type shut-off valve. A ball check valve will be installed in the internal discharge line. Internal basin control will consist of a float to control the high water alarm circuit. The level control and power cords will terminate in a structural plastic junction box mounted on the internal side of

the basin. The alarm switch will be supported by a float pole, also mounted in the internal side of the basin.

The pump does not require a control panel. A model RA-11W alarm panel is supplied. It is a NEMA 3R enclosure which includes a 1 amp fuse, terminal blocks, and alarm light. The alarm light shall be approximately 3" high by 3-1/2" in diameter and will consist of a red lexan globe. Panel is designed for remote mounting.

Price includes submersible pump & motor only with HP, speeds & voltage as indicated. Single phase units have PSC motors with line breaker overload in winding. Myers® control panels are recommended for proper operation and warranty. Cord lengths are available in 30' and 50' lengths, less plug. All double seal pumps include seal leak probes and require proper control panel circuitry for operation. Myers control panels are recommended for proper operation and warranty. Use SRA-300 non-clog rail system with 3MW pumps. Pump performance as shown on curves show impellers available as standard. 1750 RPM 4 Pole. Impeller trims not available.

3" NON-CLUG PUMP RAIL SYSTEMS FOR USE IN CONCRETE BASIN

CATALOG NUMBER	ENG. NO.	FOR USE WITH PUMP	INCLUDES CHECK VALVE	SHIP WT. LBS.	LIST PRICE
SRA-33***	24420E200	3WHV	NO	178	\$1,399
SRA-300***	26417E030	3MW	NO	50	1,625

STANDARD 3WHV and 3MW SIMPLEX PACKAGE (Order One for Simplex Pump Station) Simplex package includes base, elbow, straight through fitting and pump guide. All cast iron and steel components finished with baked Epoxy paint. All other components are 300 series stainless steel. No discharge piping or galvanized pipe guide rails are furnished. Complete instructions are furnished with each rail package. Use 1 1/2" guide rails for SRA-33 and 3/4" for SRA-300 discharge package. **To complete package, order upper guide rail support bracket and chain package.** See descriptions below.

STANDARD 3WHV and 3MW DUPLEX PACKAGE (Order Two for Duplex Pump Station) Duplex system includes two of each item furnished in simplex system. Need two upper or side mount guide rail support brackets and two chain packages. See below.

COVER MOUNT UPPER GUIDE RAIL SUPPORT BRACKET

*When ordering panel, correct service voltage (208 or 230) must be indicated. When ordering 3PH panels, pump size must be indicated for correct sizing of heater elements. Elements must be installed before panel is put into service or warranty will be voided. Panels meet U.L. approval, U.L. label will be installed. Catalog Numbers with (DS), (SL), and CMWD- Panel is for double seal pump, panel has seal leak light. *Requires 3 mercury float controls, order separately from Page 30.

*Use optional bracket and SJBS junction box, order separately from Page 33.

NEMA 1 standard alarm is buzzer.

Simplex panels require 3 standard float switches, not included with panel.

Some combinations of panel options may increase enclosure size. Consult factory for pricing if extra large enclosure is required.

DS = Double seal, single probe SL = Double seal, double probe

CMWD-30-43D	26572C000	3	3	460										X	50	3,716

*When ordering panel, correct service voltage (208 or 230) must be indicated. When ordering 3PH panels, pump size must be indicated for correct sizing of heater elements. Elements must be installed before panel is put into service or warranty will be voided. Panels meet U.L. approval, U.L. label will be installed. Catalog Numbers with (DS), (SL), and CMWD- Panel is for double seal pump, panel has seal leak light. *Requires 3 mercury float controls, order separately from Page 30.

*Use optional bracket and SJBS junction box, order separately from Page 33.

NEMA 1 standard alarm is buzzer.

Simplex panels require 3 standard float switches, not included with panel.

Some combinations of panel options may increase enclosure size. Consult factory for pricing if extra large enclosure is required.

DS = Double seal, single probe SL = Double seal, double probe

CONTROL PANEL OPTIONS

OPTION	DESCRIPTION	LIST PRICE
A	Elapsed time meter - Non-resettable 6 digit. Displays hours and tenths. One required per pump	\$109
A1	Cycle counter - Non resettable 6 digit. Displays pump starts. One required per pump.	133
B1	Alarm Horn - Weatherproof horn mounted on outside of enclosure. Rated 90db @ 10ft.	263
B2	Alarm Buzzer - (Indoor use). Buzzer mounted through front of enclosure. Rated 86db @ 10ft. Standard on NEMA 1 panels	108
C	Auxiliary Contacts - Terminal Blocks and dry contacts for remote monitoring of panel function. Panel function must be indicated when ordering panel. 3 amp contact rating.	92
D	Condensation Heater - 30 watt with non-adjustable thermostat (50°F on - 65°F off)	240
D1	Condensation Heater - 125 watt with non-adjustable thermostat (50°F on - 65°F off) single phase	327
D2	Condensation Heater-125 watt with non-adjustable thermostat (50°F on-65°F off) three phase	408
E1	Convenience Outlet - 115 volt, 15 amp duplex GFI receptacle mounted in enclosure. (When 115V is available.)	120
F1	Convenience Outlet - 115 volt, 15 amp duplex GFI receptacle with 1.5kVA transformer mounted in enclosure. (When 115V is not available.)	898
G	Acknowledge Alarm Circuit - Includes alarm bell and exterior bell silence and acknowledge button.	224
G1	Acknowledge Alarm Circuit - Includes alarm horn and exterior horn silence and acknowledge button.	335
G2	Acknowledge Alarm Circuit - Includes alarm buzzer and exterior buzzer silence and acknowledge button.	197

K	Intrinsically Safe Relay. One required per function. Voids U.L. Listing.	383
M	Lightning Arrestor (Single Phase).	108
M1	Lightning Arrestor (Three Phase)	250
P	Pump Delay Circuitry - 0-60 sec. adjustable delay relay. 1 N.O. and 1 N.C. contact. One required per pump.	305
Q	Low Level Cutoff and Alarm - Overrides entire system to prevent pump operation below a predetermined level. Contacts provided to signal panel alarm. Must order low water SM float (normally closed) separately.	92
R	Phase Loss Circuitry - Phase sequence and loss relay drops out pumps and signals panel alarm when phase loss occurs (3 phase service only).	535
S	Low Voltage Circuitry - Voltage monitor relay drops out pumps and signals panel alarm in low voltage situations (1 phase service only).	415
T	Alarm Light - 3" high by 3" diameter red globe with 40 watt bulb. Mounted on top of enclosure.	69
T1	Alarm Light - Same as option "T", but with solid state thermal flasher.	111
T2	Alarm Light - 7/8" diameter indicating light with "high water" nameplate. Has red lens and is mounted on front of enclosure. Standard on NEMA 4X panels.	90

****NOTE:** Consult factory for pricing.

*Options E1 and F1 cannot be used on the same panel (must be either/or).

*Options B and G cannot be used on the same panel (must be either/or).

Some combinations of panel options may increase enclosure size.

See Page 33 for allowable options/combinations.

Consult factory for pricing if extra large enclosure is required.

Some combinations of panel options may increase enclosure size. The following list explains which option combinations can be ordered in the standard enclosure. If other option combinations are desired, please consult the factory for larger enclosure pricing.

CE, CMEP, and DMW SERIES (SIMPLEX)

- Any combination of the following options: A, A1, B, B1 & B2 (These do not take up interior space).
- Any one (1) of the following options: C, G, G1, G2, M, M1, P, Q, R & S.

** Any additional options will require a non-stock enclosure (Consult factory).

CE, CMEP, and DMW SERIES (DUPLEX - 1 PHASE)

- Any combination of the following options: A, A1, B, B1 & B2 (These do not take up interior space).
- Any one (1) of the following options: C, E1, G1, G2 & M.

** Any additional options will require a non-stock enclosure (Consult factory).

CE, CMEP, and DMW SERIES (DUPLEX - 3 PHASE, N4X ENCLOSURE)

- Any combination of the following options: B, B1 & B2. (These do not take up interior space).
- Any two (2) of the following options: C, G, G1, G2 & Q.

** Any additional options will require a non-stock enclosure (Consult factory).

CE, CMEP, and DMW SERIES (DUPLEX - 3 PHASE, N1 ENCLOSURE)

- Any combination of the following options: A, A1, B, B1 & B2. (These do not take up interior space).
- Any two (2) of the following options: C, D, E1, G, G1, G2, M1, P, Q & R.

** Any additional options will require a non-stock enclosure (Consult factory).

Any one (1) of the following options require a larger enclosure: F1 & K.

CWHV3-50-43DW	25158D000	1-5	460	3	3WHV	110	4,888

- 1) CWV3 simplex single phase panels include: NEMA 4X FRP enclosure, 17-1/2" x 15-7/8" x 7-11/16" overall dimensions; (2) draw down hasps with provision for pad locking; switches and indicator lights mounted on dead front full inner door; 2-pole pump circuit breaker; start relay; start capacitor(s); run capacitor(s); IEC rated magnetic contactor; pump H-O-A switch; alarm test switch; amber pump run light; terminal blocks; ground lug; flashing red alarm light (40 watt) with polycarbonate globe; separate alarm and control fuses.
- 2) CWV3 simplex three phase panels include: NEMA 3R steel enclosure, 208/230 volt CWHV3 are 22" x 20" x 8-3/8" overall dimensions; 460 volt CWHV3 are 26" x 20" x 8-3/8" overall dimensions; (2) door hold down screws with provision for pad locking; switches and indicator lights mounted on dead front full inner door; 3-pole pump circuit breaker; IEC rated motor starter; pump H-O-A switch; alarm test switch; amber pump run light; 3-pole, ambient compensated, quick trip, overload relay; terminal blocks; ground lug; flashing red alarm light (40 watt) with polycarbonate globe; separate alarm and control fuses; 115 volt control circuit transformer with fused primary; 2-pole control circuit breaker.
- 3) Stock 208/230 volt panels are wired for 230 volt, control circuit jumper wire must be moved from 230 volt to 208 volt position before placing into service or warranty is void.
- 4) Above control panels use 3 mercury float controls, must be ordered separately.
- 5) Pump model must be specified at time of order or proper overload heater sizing on three phase CWHV3 panels only. Heater elements included but not installed. Heater elements must be properly installed prior to starting pumps or warranty is void.
- 6) Above control panels build to UL 508 standards.
- 7) Please see options page for available options.

Some combinations of panel options may increase enclosure size. Consult factory for pricing if extra large enclosure is required.

Alarm Panels

ALARM PANELS

CATALOG NUMBER	ENG. NUMBER	SHIP WT. LBS.	LIST PRICE
RA-11W	26061C000	12	\$609
RA-11XW	26062C000	8	648
RA-11	26063C000	10	463

DESCRIPTION: These alarm panels may be used individually or in conjunction with any pump control panel as a remote auxilliary alarm. Options are listed below.

RA-11W: NEMA 3R steel enclosure, 10" X 8" X 6". Has red Lexan alarm light, fuse and terminal blocks for power and alarm connections.

RA-11XW: NEMA 4X fiberglass enclosure, 10" x 8" x 4". Has red Lexan alarm light, fuse and terminal blocks for power and alarm connections.

RA-11: NEMA 1 steel enclosure, 8" x 8" x 4" (indoor use only). Has audible alarm buzzer, fuse and terminal blocks for power and alarm connections.

ALARM PANEL OPTIONS

OPTION	DESCRIPTION	LIST PRICE ADDER	
		RA-11W/XW	RA11
B	Alarm Bell: Weatherproof, mounted on outside of enclosure rated 88 DB @ 10 ft.	\$215	\$221
B1	Alarm Horn: Weatherproof, mounted on outside of enclosure, rated 90 DB @ 10 ft.	250	258
B2	Alarm Buzzer: Weatherproof, mounted on outside of enclosure, rated 86 DB @ 10 ft. (Standard on RA-11).	73	75
G	Acknowledge Alarm Circuit: Includes alarm bell, exterior bell silence and acknowledge button.	282	290
G1	Acknowledge Alarm Circuit: Includes alarm horn, exterior horn silence and acknowledge button.	365	377
G2	Acknowledge Alarm Circuit: Includes alarm buzzer, exterior buzzer silence and acknowledge button.	219	48
T	Alarm Light: Minimum 2-3/4" high by 1-3/4" dia. red globe mounted on top of the enclosure. (Standard on RA-11W/XW).	****	133
T1	Alarm Light: Same as option "T", but with solid state thermal flasher.	19	218
T2	Alarm Light: 7/8" dia. indicating light with "high water" nameplate. Has red lens and is mounted on front of enclosure.	63	66

Control Panels

Some combinations of panel options may increase enclosure size. The following list explains which option combinations can be ordered in the standard enclosure. If other option combinations are desired, please consult the factory for larger enclosure pricing.

CWHV3 SERIES (SIMPLEX - 1 PHASE)

- Any combination of the following options: A, A1, B, B1 & B2 (These do not take up interior space).
- Any one (1) of the following options: C, G, G1, G2, M, M1, P, Q, R & S.

** Any additional options will require a non-stock enclosure (Consult factory).

CWHV3 SERIES (DUPLEX - 1 PHASE)

- Any combination of the following options: A, A1, B, B1 & B2 (These do not take up interior space).
- Any two (2) of the following options: C, D, D1, E, E1, E2, G, G1, G2, M, P, Q & S.

** Any additional options will require a non-stock enclosure (Consult factory).

CWHV3 SERIES (SIMPLEX 7 DUPLEX - 3 PHASE)

- Any combination of the following options: A, A1, B, B1 & B2. (These do not take up interior space).
- Any two (2) of the following options: C, D, D1, E, E1, E2, G, G1, G2, M1, P, Q & R.

** Any additional options will require a non-stock enclosure (Consult factory).

Any one (1) of the following options require a larger enclosure: F & F1.

STRUCTURAL FOAM JUNCTION BOXES FOR 3WHV PUMPS

CATALOG NUMBER	ENG. NO.	DESCRIPTION	SHIP WT. LBS.	LIST PRICE
SJBD-5	24393D013	Duplex Structural Foam junction box for use with 3WHV pumps. Use with SM switches.	4	\$325

CAPACITOR KITS FOR SINGLE PHASE PANELS

CATALOG NUMBER	ENG. NO.	DESCRIPTION	SHIP WT. LBS.	LIST PRICE
CAP-V-15K-21	23499C002	For 1 & 1-1/2 HP single phase 230 volt series. One pump required. Kit includes start relay, start capacitor(s), run capacitor(s) and all necessary mounting hardware.	4	\$260
CAP-V-20K-21	23499C003	For 2 HP single phase 230 volt series. One pump required. Kit includes start relay, start capacitor(s), run capacitor(s) and all necessary mounting hardware.	4	250
CAP-V-30K-21	23499C004	For 3 HP and 5 HP single phase 230 volt series. One pump required. Kit includes start relay, start capacitor(s), run capacitor(s) and all necessary mounting hardware.	6	285

Consult factory for 208 volt single phase requirements.

MOUNTING STANDS FOR CONTROL BOXES

CATALOG NUMBER	ENG. NO.	DESCRIPTION	SHIP WT. LBS.	LIST PRICE
MS-H	22477C000	For simplex control box. Includes 2" mounting pipe and box mounting straps. Bolts supplied. All parts epoxy coated. Use on HCD covers.	22	\$391
MSD-H	22478C000	For duplex control box. Includes 2" mounting pipe and box mounting straps. Bolts supplied. All parts epoxy coated. Use on HCD covers.	24	391

See Page 41 for cover details.

VERTICAL PIPE PANEL SUPPORT REQUIRES SEPARATE "CABLE CONDUIT"

CATALOG NUMBER	ENG. NO.	DESCRIPTION	SHIP WT. LBS.	LIST PRICE
MS-X	22213C000	For simplex. Includes vertical stand with cross bars and mounting base for use on concrete pad.	22	\$426
MS-XD	22213C001	For duplex. Includes vertical stand with cross bars and mounting base for use on concrete pad.	24	766

PEDESTAL PANEL MOUNT CABLE RUN INSIDE OF PEDESTAL

CATALOG NUMBER	ENG. NO.	DESCRIPTION	SHIP WT. LBS.	LIST PRICE
PM-6-24	23421A000	6" X 6" NEMA 3 pedestal panel mount for mounting simplex and duplex panels on hatch covers HCD-48 & 60. Unit is complete with frontal door and mounting hardware. Unit can also be used for remote (concrete pad) panel mount.	40	\$516

The pedestal panel mount also requires a mounting plate package which includes cord grips and is the sealing component between pedestal & panel. See below for mounting plate.

The terms and conditions in this document, together with MYERS® standard or custom product specifications, where applicable, constitute the entire Agreement between MYERS and Buyer. The placing of an order with MYERS shall constitute the acceptance of all MYERS' terms and conditions of sale and any different and/or additional terms contained in a Purchaser's orders, confirmations, letters or other documents shall be considered as rejected by MYERS. No additional or different term or condition will become part of this Agreement unless agreed to in writing by MYERS.

ACCEPTANCE AND PAYMENT.

MYERS reserves the right to reject and refuse to process any order for any reason whatsoever. Any portion of the purchase price which is not paid in accordance with applicable payment terms shall accrue interest at a rate of 1-1/2% per month and be paid by the Buyer, in the event an application law limits the accrual of interest on an outstanding balance to a lesser rate, then interest shall accrue at that rate. MYERS shall apply payments received against outstanding invoices and/or interest charges at its discretion.

PRICES AND TAXES.

All prices, discounts and specifications are subject to change by MYERS, without prior notice, effective with MYERS' publication of its revised price list or discount schedule applicable thereto, or in lieu thereof, written notification by MYERS. Prices and discounts applicable to unshipped quantities of existing orders, as well as to new orders, shall be those in effect at time of shipment.

Published prices cover MYERS' standard design and construction, and published prices will not be reduced even though a design change might be made subsequently to the publication of the prices. Special items, materials, tests, etc., not contained in the catalog will be separately priced by MYERS. Prices do not include applicable sales taxes.

QUOTATIONS.

No quotations shall be binding on MYERS unless confirmed in writing. Prices so quoted will be binding on MYERS for 30 days from the date of the quotation, except those accessories or components not of MYERS' manufacture. Clerical errors on the quotations are subject to correction by MYERS.

DELIVERY.

Any dates or schedules which may be specified for the delivery of goods covered hereby have been stated only approximately and are estimated from the date of receipt of Purchaser's order, with complete drawings, specifications, designs, sample and other information reasonably requested by MYERS in order to proceed with the design and manufacture of the goods.

MYERS shall not be liable for any loss, cost, expense, delay, loss or damage in transit or due to the unavailability of sufficient Products to fill the order. Method and route of shipment are at MYERS' discretion, unless the Buyer supplies explicit instructions. If method and route of shipment are so specified by the Buyer after the goods are ready to ship and after the original delivery date has been requested by the Buyer, the Buyer's price will be due and payable at the same time and in the same manner as if shipment has been made so as to comply with the delivery date originally requested by the Buyer. If any part of the goods cannot be delivered due to delay by Buyer, Seller may place such goods in storage. In such events:

1. Seller's delivery obligations shall be deemed fulfilled and title and all risk of loss or damage shall thereupon pass to Buyer;
2. Any amounts otherwise payable to Seller upon delivery shall be payable upon presentation of Seller's invoice and its certification as to such cause; and
3. All expenses incurred by Seller such as for preparation for and placement into storage, handling, inspection, preservation and insurance, shall be payable by Buyer upon submission of Seller's invoices.

INABILITY TO PERFORM.

MYERS shall not be responsible or liable for any delays or failures in manufacture or delivery due to any cause or condition beyond the reasonable control of MYERS. In the event of such a condition MYERS shall have the right, at its option, to cancel this contract or any part thereof without any resulting liability.

LAWS, ORDINANCES AND REGULATIONS.

MYERS shall use reasonable efforts to cause the goods to comply with federal safety, health and environmental regulations and insurance codes. However, MYERS shall not be responsible for compliance of the goods with local interpretations of such federal regulations or insurance codes, nor with any local laws, ordinances, codes and/or regulations which may at any time be in effect at any location where the goods or equipment are to be used, unless such responsibility shall be expressly assumed by MYERS in writing.

CHANGE OF DESIGN.

MYERS shall be entitled to make any and all changes in details of design, construction or arrangement of the Goods as MYERS in its sole discretion determines will constitute an improvement upon the equipment or any specifications or designs previously furnished to the Buyer.

WARRANTY.

MYERS will honor its standard warranties covering the goods for the period of time stated in its warranty policies provided the equipment shall have been properly installed, maintained and utilized during the warranty period. MYERS' warranties shall extend only to the original Buyer from MYERS or from MYERS' authorized Dealer. MYERS shall in no event be responsible for the cost of field labor or any other charges incurred by Buyer in removing and/or reaffixing any portion of the goods to be returned to MYERS for repair or replacement. The warranty does not apply to performance caused by abrasive materials, corrosion due to aggressive fluids, lighting, improper

voltage supply, mishandling or misapplication. Seller's obligations under this warranty shall not apply to any product which is normally consumed in operation or has a normal life inherently shorter than the warranty period stated. In the event goods are altered or repaired by Buyer without prior written approval by Seller, all warranties are void. Equipment and accessories not manufactured by Seller are warranted only to the extent of and by the original manufacturer's warranty.

DISCLAIMER OF WARRANTIES:

except for express warranties as described above, there are no warranties including any implied warranties of merchantability or fitness for any particular purpose, which extend beyond the description of the equipment on the face hereof. No other warranties, whether oral, written, express, implied or statutory shall apply. A new warranty period shall not be established for repaired or replaced material, products or supplies, such items shall remain under warranty only for the remainder of the warranty period on the original materials, products or supplies.

LIABILITY LIMITATIONS/ REMEDIES.

In no event shall MYERS be liable to the Buyer or any third party for consequential, incidental or special damages resulting from or in any manner related to the equipment, its design, use, or inability to use the same, including without limitation, damages arising out of or in any manner relating to the delivery or operation of the goods or any delay with respect to its delivery or operation, it being understood that the sole and exclusive remedy of the Buyer or any third party shall be the repair, correction or replacement of defective equipment pursuant to the warranty provisions hereinabove contained. In the event MYERS determines repair, correction or replacement of the goods is not possible, the Buyer's sole and exclusive remedy shall be the refund of the purchase price upon its return of the equipment to MYERS.

CANCELLATION.

An order for other than standard goods included within MYERS' published catalogs may be canceled in whole or in part by the Buyer only upon the payment to MYERS by the Buyer, as a cancellation charge, an amount equal to not less than the sum of any and all material, labor, shop and administrative overhead costs previously or thereafter incurred by MYERS in connection with such order, or part thereof, canceled, including without limitation, the cost of all engineering work, work in progress, raw materials, supplies and all commitments made by MYERS in connection with the order, plus a reasonable profit based upon the total amount of such costs. Upon receipt of written notice from the Buyer to cancel an order, or part thereof, MYERS shall exercise reasonable efforts in order to limit the amount of any additional costs incurred, provided, that any such work which can be completed within a period of thirty (30) days from date of receipt of notification may, at the sole option of MYERS, be completed and Buyer shall pay for the same in full. In its sole discretion, MYERS may reduce the amount of the aforesaid cancellation charge in the event and to the extent that any work and/or materials performed by MYERS in connection with the order, or part thereof, canceled can be put into profitable use by MYERS.

TITLE SECURITY AGREEMENTS.

MYERS has the right to retain a security interest in the goods, and if it chooses to do so, the Buyer agrees to sign a Security Agreement, financing statement, or such other documents as MYERS may require, and do whatever else is necessary to perfect MYERS' security interest in the product.

CLAIMS.

Claims for defective products, delays, or failure in shipment or delivery shall be deemed waived and released by Buyer unless made in writing ten (10) days after arrival of the products. Claims for products lost or damaged in transit must be made to the carrier by Buyer.

RETURNED PRODUCTS.

Products manufactured by MYERS may be returned if prior written consent of MYERS is obtained, transportation costs are prepaid by the Buyer and a minimum restocking charge is paid by the Buyer. Only unused material of current manufacture and standard material and design will be accepted. The return of any component or accessory supplied by MYERS but manufactured by other suppliers will be subject to the terms and conditions for returned goods of said suppliers.

PACKING.

Published prices include packing for rail or commercial truck only. Additional charges will be made for special or export packing.

WEIGHTS AND DIMENSIONS.

All weights and dimensions published by MYERS are approximated and are not guaranteed. Certification as to weight and dimensions may be obtained from MYERS upon request and upon payment of the costs incurred in providing certification. In the event the express terms of this Agreement are contradicted or varied by trade usage, course of dealing or course of performance, the express terms shall govern.

INDEPENDENT CONTRACTORS.

MYERS and Buyer are independent contractors and neither has the authority to assume or to create any obligation on behalf of or in the name of the other.

GOVERNING LAW.

This Agreement shall be governed by and construed in accordance with the laws of the State of Wisconsin without regard to principles of conflicts of laws.
